## Study Monitoring Report

**Sponsor:** DEMO SPONSOR  
**Protocol:** PROTOCOL DEMO2 (Active)  
**Location:** Philadelphia  
**Compound:** Mean Comparator Workflow  
**ERT Account:** 051715  
**Data Type:** ECG

### Investigators

| Investigator | SiteID | Screen | Baseline | Treatment | Followup | Unknown | Termination | Unscheduled | Missing Visits | Not Performed | Repeat Visits | Total ECGs Received | Total ECGs Reported | Number of Unresolved Queries | Number of Escalated Queries |
|--------------|--------|--------|----------|-----------|----------|---------|-------------|-------------|----------------|---------------|--------------|-----------------|---------------------------|-----------------------------|---------------------------|--------------------------|
| BLUE, C      | 2015   | 1      | 3         | 1         | 0        | 1       | 0           | 1           | 0              | 0             | 0            | 6               | 4                          | 2                          | 0                         |
| GOLD, D      | 2019   | 1      | 3         | 1         | 1        | 0       | 1           | 4           | 0              | 0             | 0            | 7               | 4                          | 2                          | 0                         |
| GREEN, A     | 2011   | 0      | 3         | 2         | 1        | 0       | 0           | 8           | 0              | 0             | 0            | 6               | 6                          | 0                          | 0                         |
